Shrinking  
Violet

It's A Wrap!

The **Shrinking Violet Body Wrap** which is guaranteed to lose unwanted fat...and then keep on losing.

This painless, effortless process can successfully remove fat in problem areas, such as the stomach, thighs, buttocks, arms and legs, with the majority of clients using it to date losing 9 to 10 inches from their bodies in total.

The wrap, helps break down the fat cells in the body which are then easily excreted by the body.

The Shrinking Violet Body Wrap is a technique so powerful that a 60 minute salon session can shrink waistlines by around 2 inches. The amount of reduction varies depending on build, but many people reduce by at least one whole size after the first treatment.

The wrap works by lyposis revolutionary method to remove unwanted fat. Lyposis offers pain-free slimming and breaks down inside the actual fat cells where triglycerides are changed to free fatty acid so they can be excreted in tissue fluid and further transported to the lymph vessels.

And then....it's a wrap!
